ATTACHMENT A**Revise Art with Teacher Certification Option to permit taking Art History electives numbered 3610 or above to meet the 3 hours of Art History electives****Art with Teacher Certification Option**

An option in the Art (B.A.) offerings.

The BA in Art with Teacher Certification (Art Education Option) provides professional training and experiences leading to teacher certification for grades K-12. Students must receive a "C" or better in all art and professional education courses and maintain a minimum cumulative and major GPA of 2.75 in order to continue in the program.

This major requires that students follow and meet the requirements for Admission, Retention and Graduation from Teacher Certification programs as described in the "Teacher Certification Programs" section of this catalog and as explained at the University Admission to Teacher Education Meeting which all students must attend. Students must gain University Approval to Take Teacher Education Courses no later than the end of their first semester Junior year in order to complete program requirements in a reasonable timeframe. Additional information on Admission, Retention and Graduation for Teacher Certification programs can be found on the College of Education & Professional Studies website at www.eiu.edu/ceps/teached.

All students must pass the Illinois Certification Test of Basic Skills for selection into teacher education and should complete this requirement no later than their sophomore year.

Students have two options for completing the professional education coursework – Regular Secondary Education Program and Integrated Secondary Education Program (ISEP). For more information regarding these two options, please consult with your advisor. Information also is available in the Teacher Certification Program section of this catalog.

ATTACHMENT B**Request to Revise Music with Teacher Certification Option**

Rationale: In 2003 the Bachelor of Music: Teacher Certification Option was completely revised. The department recognized a responsibility to provide each student with training in current technology. Because we had just moved to our temporary facilities awaiting the renovation of the Doudna Fine Arts Center, we recognized that we were not set up to provide such an experience so we included in the revised curriculum the technology component of EDU 2022, fully intending to substitute a course dealing more specifically with music technology. The department now has a functioning computer lab with 20 work stations and is ready to provide this experience. Including MUS 1070 in the curriculum will ensure that Teacher Certification students will have a working knowledge of the technological developments applicable to the field of music.
